Diablo Valley College, Pleasant Hill

## Spring Things

Dates and venues TBD - stay tuned!

Diablo Valley College? Sprint Motala - map by Ben Legg  
Miller Knox Regional Shoreline? Sprint courses  
Berkeley Hills? Chutes and Ladders score course

Sorry the 2/7 Sunol adventure run fell through! Some bad luck... had a good run going. Now that I've settled in to my new full time job teaching jr. high science, I'm looking to get back in the saddle with spring event planning. If you've been pining for a certain park or event format, hit me up!

## Deep Thoughts

by Rex Andy

I've dreamed about hosting the North American Sprint Series ([sprintseries.org](http://sprintseries.org)) finals in San Francisco, and I'm ecstatic that dreams can come true. Mark your calendars for Nov. 13-15 - terraloco hosts the finals with Vladimir Gusiaticov's Get Lost!! The weekend before is the Pacheco Pass [BAOC](#) A-meet, and in between a week of training put on by all of us and [MerGeo](#)!

## Represent the Bay Area

Permitting for the Nov. 13-15 sprint finals is in progress with each venue, then we will make maps! Point Bonita for Friday, San Francisco State University for Saturday, and McLaren Park for Sat., Sun.

## Icy Hot Gossip

What an enthusiastic, fun, collaborative crowd at the Lakeside [Course Setting Workshop](#)! We all learned from each other! More exchange occurred at the Sprint Nav. Camp at Roberts, with a fun sprint chase and a visitor from Sweden, Bengt. I'm looking forward to longer days, and putting on evening trainings where we can continue to mix it up. For summer, I'm planning on new map events like Donner in Tahoe, returning to Merritt and Crown Beach, and a free terraloco 1-year anniversary picnic event at Lakeside.
